

```
FEDD::Problem< default  
_sc, default_lo, default  
_go, default_no >
```

A diagram illustrating inheritance. A blue arrow points upwards from the 'FEDD::Stokes' class box to the 'FEDD::Problem' class box, indicating that 'FEDD::Problem' inherits from 'FEDD::Stokes'.

```
FEDD::Stokes< SC, LO,  
GO, NO >
```
